SUMMARY

As a third-semester AP degree student at KEA, I am specializing in Front End Development. Currently, I work as a web design and marketing consultant for a Copenhagen-based company, utilizing my 3+ years of experience in marketing.

From my studies I have gained a strong foundation in HTML, CSS, JavaScript, React, Git/GitHub, NPM and Next.js. My current interest lay in getting better at TypeScript and React, and other cutting-edge tools and methodologies in the field.

Educators and peers often describe me as having a goal-oriented, analytical, and structured mindset. They commend my dedication to continuous learning and expanding my skills, which enables me to adapt, grow and learn.

PROFESSIONAL EXPERIENCE

Web Design & Digital Marketing - ChiCura Copenhagen

June 2022 - Present

At ChiCura Copenhagen, I have refined the website and enhanced Shopify processes, contributing to a seamless user experience. Furthermore, I have implemented diverse marketing strategies to expand the company's reach and target audience.

Web Design & Digital Marketing - Quote Copenhagen

Nov 2021 - Jan 2023

At Quote Copenhagen, I improved their Shopify website, developed profitable marketing campaigns across Google, Meta, and Klaviyo, expanded their B2C sales channels, and added new website features.

Pedagogical Assistant - Randers Kommune

Aug 2019 - Mar 2021

As a Pedagogical Assistant at Randers Kommune, I supported early childhood educators, facilitated activities, nurtured social and emotional development, ensured safety, maintained cleanliness, prepared meals, and communicated effectively with children and parents.

Sales & Guidance Assistant - Friluftsland**Jun 2019 - Oct 2020**

At Friluftsland, I worked as a Sales and Guidance Assistant. My main responsibilities were to guide customers in selecting outdoor gear, promote our products, process sales, manage inventory, restock shelves, and maintain store visual presentation.

Service Worker & Cashier - Netto**Aug 2016 - Jan 2019**

At Netto, I worked as a service worker and cashier. My responsibilities included customer service, cash registers, financial transactions, cleaning, organization, inventory management, and restocking shelves.

EDUCATION

- Planning to pursue a top-up degree in Web Development at KEA to fulfill my goal of obtaining a professional bachelor's degree and becoming a Full Stack Developer.
- 2022 - Present: AP Degree in Multimedia Design at Copenhagen School of Design and Technology.
- 2016 - 2019: Randers Statsskole - STX, majoring in Math, Physics, and Chemistry.

COURSES

- CS50's Web Programming with Python and JavaScript - Currently finishing this course at EdX that covers, Python, Django, JavaScript, React, UI design, and web security and scalability.

INTERESTS

- **Traveling:** I really enjoy traveling and have been to over 35 countries across 5 continents. These experiences have broadened my perspective and enriched my life greatly.
- **Cultural Appreciation:** I enjoy learning about different cultures, delving into their histories, food, and natural wonders.
- **Design Enthusiast:** I have a passion for various design fields, like architecture, interior design, and web design, which spark my creativity and inspire my work.
- **Front End Development:** I like to keep up with the latest trends in front end development, discovering new technologies and frameworks to improve my skills.
- **User Experience:** I am intrigued by how design and technology intersect, aiming to create user-friendly and visually appealing experiences that cater to a range of user needs.
